

## Environmental Consulting Services

At Brighton Solutions, Inc., (BSI), our goal is to assist our clients in the most cost effective manner possible. BSI is always looking for the most advanced and cost effective technology available on the market to help benefit our clients. We strive to use innovation and technology to quickly and efficiently aid our clients with whatever their needs may be.

BSI is licensed by the Texas Department of State Health Services (DSHS) as an Asbestos Consultant Agency and a Mold Assessment Company. Our staff consists of an individual asbestos consultant and an asbestos inspector with a combined experience of over 43 years. BSI maintains two DSHS Mold Assessment Consultants.

BSI credentials also include: Certified Indoor Environmental Consultant™ Board-awarded by the American Indoor Air Quality Council™ (CIEC), Certified Environmental Thermography Investigator™ Board-awarded by the American Indoor Air Quality Council™ (CETI) certifications through the American Council for Accredited Certification (ACAC) as well as a Building Science Certified Infrared Thermographer and a Level I Certified Infrared Thermographer both certified through the Infrared Training Center (ITC).
